WAS FOUND
DEAD.Well-Known Young Man Found
Dead Near Clover-
port.The Jury Returns a Verdict of
Strangulation and
Suffocation.

The sad news of the discovery of the lifeless body of Charles Kasey, better known as "Sambo" about two miles south of this town, was heard Friday morning, Feb. 9th. His body was found lying down in a soft mud, by George Webb, educator, while out hunting.

These facts as obtained by a News reporter:

Thursday afternoon, Or Kasey and Vester Allen were loading steele for the Breckenridge Cannel Coal company.

The weather became so inclement that the young men could not continue to work and their first thought was to have a good time. They procured a quart of whiskey from Hanning's distillery and returned to their home.

Upon reaching their destination they were greeted by the presence of Thos. Satterfield. They had not been at the house but a short time, until Charley Beavin arrived on a mule loaded to the guards. He dismounted and went in the house, partially disrobed and took a nap. From the evidence in court, it was found that he was nearly exhausted and Vester Allen mounted Beavin's mule and went after more whiskey and Satterfield walked to Hanning's distillery, where he purchased one quart and one half pint for Allen. Allen then rode off and met the following young men in Robinson's corn field: Charley Beavin, Walter Allen, Or Kasey and Clarence Kasey.

They all then enjoyed Kentucky's hospitality by taking some friendly snuff from their bottles. Before it was all gone they were feeling pretty clever and it was decided to go home. It seems that Beavin was under the influence of the intoxicants more than the rest and all left with the exception of Vester Allen, who started to take care of him. The job developed to be more than he had contracted for and so Allen left Beavin alone with his mule to reach home the best way he could. Beavin was at the point of navigation and he lay on the ground to take a sleep. When he awoke he was almost frozen, but by desperate efforts, he mounted his mule and rode to George Webb's and asked permission to remain the night. Afterwards it developed that Vester Allen had returned and was a guest at Dora Clark's house the entire night.

All this time young Kasey was either struggling to go to Clark's house or return home, but he failed in the attempt. His brother, Or Kasey, and Walter Allen had reached home about seven o'clock, and as he had been out before on similar occasions, his absence was not noted.

On the morning of the finding of the body of Kasey, his parents were summoned. About the time Webb found him there came leisurely striding along the road Vester Allen and Dora Clark. At this point they parted and the whereabouts of the woman cannot be located.

Kasey was a robust, healthy young man and not of the best character. He was about nineteen years of age. It shows conclusively that barley corn and whiskey of ill-repute were the rations of this young man.

It is deplorable when young men will gather together and deliberately consume over a half gallon of whiskey, knowing at the time that ruin and destruction stare them in the face. Especially when young boys, who have not reached their mature years, are allowed to stand up and drink the fluid as though it were water.

VENUE OF JUST.

We, the jury, and that Clarence Kasey came to his death about two miles south of Cloverport, in Breckenridge county, Kentucky, early in the night of Feb. 8, 1900, by strangulation and suffocation caused, we believe from the testimony produced by falling into soft mud and water, face downward, and being unable to rise.

GREAT INTEREST TAKEN
IN NORMAL LITERATURE.

The Breckenridge Normal Literary held its regular weekly meeting at the Hardinsburg Normal College Friday night. The following officers were present: Ramon Hoadley, president; Raymond Mander, vice president; Miss Sallie Burch, secretary; John Block, treasurer and Arthur Beal, sheriff. The house was called to order by the president and minutes of the previous meeting were read by their secretary and approved. There were estimated to be 100 persons present and great interest was manifested by all of the members of the society. Many took part in the reading of papers on the leading questions of the day. The principal subject of discussion was whether or not "The United States should retain possession of the Philippines." By Messrs. Raymond Mander, Lee McCoy on the affirmative, and Louis Ditt and Henry Miller on the negative side. It was a spirited argument on both sides and one that enthused the whole house as to who would come out victorious. However, after considerable deliberation it was decided in favor of the affirmative side as having the best argument. Clifford Payne read a most appropriate paper on the "Importance of Literature" which received the approbation of all.

Before the adjournment of the literary organization of a semi-annual paper was perfected. It will be titled the B. N. C. Hustler. Miss Ella Ahl was unanimously elected editor, who will have the assistance of the members. Prof. Roberts, Mr. Cotton Cole, Mr. S. W. Pate, Mrs. Roberts and Miss Kelly Ekridge who composed the faculty of the school should have the entire co-operation of the public to maintain the success of such an important acquisition to the school.

To Be Prepared
For war is the earnest way for this nation to maintain peace. That is the opinion of the wisest statesmen. It is equally true that to be prepared for war is the best way to avoid the peculiar dangers of the season. This is a lesson multitudes are learning, and at this time, when the blood issues to be loaded with impurities and to be kept in the state, the millions begin to take Hood's Sarsaparilla, which purifies, enriches and vitalizes the blood, expels all disease germs, creates a good appetite, gives strength and energy and puts the whole system in a healthy state. It cures indigestion, nervousness, leprosy, and other dangerous diseases which are liable to attack a weakened system.

OUR GLENDEANE
CORRESPONDENT.A Well Merited Compliment From a
Stephensport Co-Worker.

There has been much in the News, of late from different correspondents to remind us of other but "happy" days, when our daily toll in the school room was shared with one of our very best county instructors, namely: The Glendene correspondent. How often do we see him in the school room, to his room in my old home "tired out" mentally and physically, and we would think the ascent to that of worldly fame, inasmuch as there was work, work, work, even when the toposcope was reached. Within four walls of his study-room never did brain strive more steadily to apply itself "unto knowledge and wisdom." Oftentimes the midnight darkness borrowed a faint gleam of light from this student's lamp. Well does he merit the anointed praise of a host of pupils, patrons and friends.

Stood Dead Off.

E. B. Menden, lawyer of Harrogate, Tex., once found a well digger. He says: "My brother was very low with malaria fever and jaundice. I persuaded him to try Electric Bitters, and he was soon much better, but continued to grow weaker. He was finally cured by am am Electric Bitters saved his life." This remedy expels malaria, kills disease germs and purifies the blood; aids digestion, regulates liver, kidneys and bowels, cures constipation, dyspepsia, nervous disease, kidney troubles, female complaints; gives perfect health, only 50c at Short & Haynes' drug store.

TO HIS REVALUATION.

In spite of the rainy afternoon, there was a number of friends present at the home of Mrs. George Short Thursday afternoon at the regular meeting of the Ladies' Reading Club. The concluding chapter of "Prisoners of Hope" were read with much interest.

A Valentine contest will be held tomorrow afternoon with Mrs. David R. Murray. Each member is requested to bring an original written to her Valentine.

POST YOUR-
SELVES.One Dollar Will Accomplish
Wonders if Properly
Spent.Eight Reasons Why We Refute the State-
ment Made by "Two Progressive
Citizens."

Replying to "Two Progressive Citizens" of last week's edition of the News I would beg to advise that the price really paid for franchises is one dollar; that is only to make the contest legal. For every legal transaction there must be a consideration; hence one dollar is usually the price charged.

Second: The purchaser must be the judge as to the bargain. Third: The financial consideration derived from such sales was never expected by any intelligent body of men to improve streets or put more money in circulation, thereby making better times. But the many benefits derived from such public works after beginning operations are expected to improve time. Can "Two Progressive Citizens" cite a town or city having water works and electric lights that has not been benefited by same. Still if "Two Progressive Citizens" want the franchise money on streets, I would say that one dollar would put three loads of river gravel on the streets in the fall and the other dollar would haul off three loads of gravel in the spring, or would put a little more than six loads of the aforesaid gravel in some alley.

Fourth: The new Council has never intimated the raising of taxes, and I give them credit of knowing enough not to attempt to raise, as per Commercial club. I would advise "Two Progressive Citizens" to consult some posted man on the objects and intentions of a Commercial club, and to read the previous article from "Progressive Citizens." Also, I think that the new Council's ability at money raising does not stop at the tax limit.

Fifth: I certainly would object to borrowing money to lease bonds for school purposes, but as the Council has given its vote to build the school house, I think that when the time comes it will be built.

Sixth: Have never thought of the Council borrowing money, so will drop that question.

Seventh: As to raising the money of the necessary improvements spoken of, I would advise the "Two Progressive Citizens" to attend the council meeting, or to wait and see.

In my last article I asked for a reply to same. I will now amend my former request and ask only for expressions from anyone here interested in the little city at heart and these expressions will be in the nature of suggestions and wherein we may all be benefited.

A LOVING TRIBUTE

To Mrs. Emeline H. Board, Who Died
at Hardinsburg Thursday, Feb-
ruary 9th.

Last Thursday a noble mother, a devoted daughter, a pious and a holy City. Surrounded by those whom comfort she had over seen, she laid down the cross for the crown. The bride was her world and she made her child's life beautiful by her sweetness and love.

In her hands were flowers, on her grave were flowers that also loved to live. In our home are roses and magnolias, loving remembrance from her. She lives forever in our hearts. Her nature had the sweetness of a wild flower blooming in the woods unseen by the world.

A sense of homecoming recall to the soul as thoughts of her father's happy childhood spent in her companionship. Her sole happiness was found in making those who her happy. Let us strive to be like her in the thought that every trifling taken from us on earth weakens the spirit's hold upon our hearts, and the her who is in heaven and longed to come no more, she lives today in a happy home, not made with hands, eternal in the heaven.

OUR SENATOR IN THE SWIM.

A Young Republican Disapproves of
His Father's Vote.

In the Republican caucus held at London Monday, Feb. 6th, Senator R. M. Jolly, of Irvington was nominated for President pro tem, and his son, Edwin, for President. We congratulate our Breckenridge county senator on being in high favor with his party.

This reminds us of an incident which occurred in the organization of the Legislature in Frankfort. Guelch, who was nominated speaker pro tem of the senate, made a complimentary vote for his opponent, Mr. J. J. Jolly, who had been nominated speaker by the Republicans. Jolly returned the compliment by voting for Guelch, thereby insuring the passage of his little son who wrote his father the following letter:

INVESTOR, Ky., Jan. 7.
Dear Papa: I hope you are well. How do you feel after voting for Guelch? Are you a Democrat yet? Goodbye.

"One Minute Cough Cure" is the best remedy I ever used for coughs and colds. It is unequalled for whooping cough, "Children all like it," writes H. N. Williams, Georgetown, Ind. Never fails. It is the only harmless remedy that gives immediate results. Cure coughs, colds, hoarse voices, croup, pneumonia, bronchitis and all throat and lung troubles. Its early use prevents consumption.—A. Tendered a Reception.

Mr. and Mrs. Thomas Beard (nee Miss Clara Hendry, of Preston) who were married at the home of the bride Wednesday morning, arrived at the home of his parents, Mr. and Mrs. Taylor Beard, at Hardinsburg Thursday evening. There they were met by friends and relatives. Mr. Beard, who has for years been recognized as an elegant hostess, tendered the bridal couple and attendant a reception. At nine o'clock a sumptuous repast was heartily served. The table was adorned with lighted candles inserted in handsome cases. The guests present were: Mrs. Lee Bishop, Mr. and Mrs. Sallie Miller, Miss Linnie Howell, Mrs. Judith Miller and Messrs. Louis Kluhbeke, Roscoe Hendry and brother, and E. C. Babbage, Cloverport, Mr. and Mrs. Thomas Beard left Saturday for Preston, where they will live in the future.

"Old Aunt" Dead.

A NOVEL
HONEYMOON.The Groom Sows a Field of Rye
While the Bride Drives
the Harrow.

A PRACTICAL FARM WOMAN.

[By G. W. McElroy, Lebanon, Ky.]

I know the readers of this column will be sorry to learn that the writer of it is very sick. I know too that I cannot take her place, nor would I attempt it, for she is the judge. And, too, this same good critic, I saw with my own eyes, like her heart would break at the reading of the first paper. So much for No. 1.

The first one said, "Why, there are lots of women in Kentucky who could write or speak just as well as she." Granted, but Mr. Moore could not appreciate them, and moreover, she is not she, was the judge. And, too, this same good critic, I saw with my own eyes, like her heart would break at the reading of the first paper. So much for No. 1.

No. 2 was a lady living in some of the counties in which institutes were held. She said, and very pleasantly, that Mrs. McElroy's feet and hands were too small for her to have done much work. It is the regret of my life that circumstance have forced me to allow her to work until her hands and feet are larger by a size or two than when I married her some eighteen years ago.

Now for the incident. We had been married less than two weeks, when I told her I wished to put in about 40 acres of rye, to help restore some land I had rented out for several years. Hands were scarce and money not very plentiful, and I told her to get in the buggy and try and find me a hand to drive a team in an acre harrow. "Well," said she, "if that's all you want, why can't I do it?" "Because the team is wild, at least one horse, and you couldn't stand it, and lie right on the side of the pike where every one who passes will see you, and I am ashamed for my bride to do such a menial work." "Now that's all said" said she.

Well, you know about a woman having her own way. She drove the team and broke the wild horse, and harrowed in the 40 acres of rye. I sowed by hand and never enjoyed sowing any crop as much in my life, and she was the same thing; and from that good day to this, there has never been a place she could not fill.

Now one more thing, and I am done. I was telling, perhaps boasting, of the above incident a few years after, when an old Irishman who knew me well said, "Old man and did you ever pay her?" "No," I said, "she has never been paid." "Well, you pay her now." "That I will, any thing you say, Pat." "Well, then come along. I'll take me across the street to Col. Carlin's store and ordered the finest silk in my life, and the finest one and the best one, and you couldn't stand it, and lie right on the side of the pike where every one who passes will see you, and I am ashamed for my bride to do such a menial work." "Now that's all said" said she.

THE DEATH OF
A GOOD WOMAN.

Mrs. Amanda Graham, wife of deceased Gordon P. Graham, died at her home in this city Saturday night at nine o'clock.

The funeral was conducted at the Elm Street Methodist church by Rev. T. V. Jolner, who is an impressive way colorist of a perfect type. Mrs. Graham was a member of the Christian church, and a true, good woman and one whose life has been an ideal one. There are five children left to mourn the loss of Mrs. Graham. Dr. Gregory, Louisville; Miss Carrie Graham and three sons: Jesse, Leland, and Wendell. Her remains were laid to rest Monday in the Cloverport cemetery and were followed by a large concourse of friends.

There is no better medicine for the babies than Chamberlain's Cough Remedy. It is a natural and wholesome remedy, and it is a favorite with mothers and small children. It quickly cures their coughs and colds, preventing pneumonia or other serious consequences. It also cures croup and has been used in tens of thousands of cases without a single failure, so far as we have been able to learn. Not only cures croup, but when given as soon as the croupy cough appears will prevent the attack. In the case of whooping cough it lightens the tough mucus, making it easier to expectorate, and lessens the severity and frequency of the paroxysms of coughing, thus depriving that disease of all dangerous consequences. For sale by A. R. Fisher, Cloverport, R. A. Shellen, Stephensport.

AFFAIR.The Monday Night Musicate at The
Methodist Church a Complete
Success.

FOREIGN AND LOCAL TALENT.

Notwithstanding the unfavorable weather Monday night quite a crowd gathered at the Methodist church to enjoy the musical treat that had been provided by an able committee of the Women's Christian Temperance Union. The program embraced the best local talent and two numbers by Master Carl Lindstrom, the boy cornetist, of Louisville, and the celebrated clarinetist, Mr. F. S. Creta, of Louisville.

Master Carl Lindstrom is a youthful prodigy. He was raised in Henderson where he early manifested his great musical talent. His engagement with Gilmore's band was perhaps his greatest honor and he wears a handsome badge presented by that noted band leader. His encores, Annie Laurie and Dixie were greatly appreciated as well as his numbers.

Mr. Creta, accompanied by Mrs. D. E. Bee, delighted the audience. He is an artist in his line and his playing was pleasing to everyone.

Among the vocalists of the evening was Miss Addie Louise Babbage, who made her first appearance in public. She has a sweet soprano voice, which will be an addition to the musical circle of the town.

The Misses May opened the program with a brilliant duet which was followed later in the evening by a popular solo by Miss Eva May.

Miss Lulu Owen and Marion Bawmer were down for instrumental solo, which were enjoyed by all, and the trio by Misses Owen, Bawmer and Mrs. D. E. Bee, was equally applauded.

Mr. D. E. Bee, who has been a faithful worker in the temperance cause and who is a genuine music lover, sang a bass solo, accompanied by his wife. Mr. and Mrs. Bee are both well endowed with musical ability and have infused much enthusiasm into the musical fraternity.

Miss Warfield closed the first part of the program with "Amenities" which she sang in her usual charming style.

"The City of Dreadful Night," a selection from the Fortune-teller, was sung by Mr. C. W. Moorman, Jr. This was a happy selection and well suited to the voice of this way pleasing singer.

The best hunter in America is made

 have a perfect statue, be a pure man.
 Would you send a wine law, be a just man."

PUBLIC sentiment in Breckenridge
 county is dead against the saloon. This
 fact was clearly demonstrated in the
 temperance meeting held at Hardinburg
 last Monday.

Five thousand saw logs came down
 Rough river on the freight of last week,
 and there are yet fifteen thousand in the

The late unpleasantness at Frankfort
 has again given rise to the talk of moving
 the capital from Frankfort to Louisville.
 The talk is "would never do." The
 members of the Assembly would be run
 down and run over in Louisville.

In the politicians at Frankfort had a
 little more music to their ears than
 with a genuine Christian spirit, they
 would dwell in peace and harmony, set
 a good example to the rising generation
 and be of some service to their state and
 country.

REV. T. V. JOHNSON preached a strong
 sermon on Missionary Sunday morning.
 He did not take up the money side of
 the question, but dwelt on the spirit of
 mission—without which neither church
 nor individual can grow stronger
 spiritually.

The contemplated spring trip of Ad-
 miral Dewey has caused some suspicious
 politicians to scratch their heads dubi-
 tiously. This distinguished sailor will
 visit cities from Georgia to Minnesota
 and it is a probability that he may be
 for a few days within our own state as
 the guest of the city of Louisville.

In an editorial in the Baptist Argus
 of last week the press is referred to as a
 lyne-eyed, half-mooned, combined
 detective, coroner and undertaker. The
 press certainly is a much maligned and
 abused institution. In Christian virtue
 of long-suffering however should entitle
 it to some hope of reward "when the
 mist has rolled away."

Governor ROBERTS says: "If you
 wish to improve the political tone you
 have got to strive for the moral betterment
 of the people." And this is true.
 The sooner we in Kentucky get politics
 and politicians above the mire and out of
 the damnable influence, the sooner will we
 have peace and a prosperous state govern-
 ment.

These politicians at Frankfort seem to
 have little concern about the cost of all
 this rumpus to the taxpayers of the state.
 Only a few days ago were they \$120,000
 paid to the soldiers and this is hardly a
 beginning. When we take in account
 that not only the soldiers are to be paid
 but that the time of all the state officials
 has been practically lost for the past
 month, the expense for all of this will be
 enormous when a final settlement is
 reached.

We will print next week a letter
 from young Mr. McGehee who is working
 for Uncle Sam in the Philippines.
 He likes his job and finds no fault with
 his employer except that he does not

It was only health, we
 might let it hang.
 But it is a cough. One cold
 no sooner passes off before
 another comes. It is the
 same old cough all the time.
 And it's the same old story,
 too. There is first the cold,
 then the cough, then pneu-
 monia or consumption with the
 long sickness, and life trem-
 bling in the balance.

Loosens the grip of your cough.
 The congestion of the throat
 is removed; all inflamma-
 tion is subdued; the
 parts are put perfectly at rest,
 and the cough drops away, as
 with no diseased tissues on
 which to hang.

Mr. W. T. Livers is improving.
 W. C. Blain, of Pateville, is in town.
 The white and the colored schools here
 closed Friday.

Miss Maude Brinley's school at Hazel
 Dell closed last Friday.

M. R. Smith spent Sunday with his
 mother in Hardinburg.

Messrs. M. Blain and J. B. Biggs are

 Mrs. Wright, in Harroville.

Miss Dee Baham, of Louisville, has
 just closed a successful school at Roberts,
 and will open a spring term here March
 5th.

Little Lucile Cunningham, of Hardin-
 burg, spent a few hours with us Sat-
 urday, on her way to Chicago to visit her
 grandmother, Mrs. J. Cunningham.

Rev. Driskell, of Henderson, has been
 called to the pastorate of the Christian
 church at this place. He will arrive
 Wednesday and conduct services each
 night over Sunday.

Mr. Sam Payne and family removed to
 Irvington Saturday. Mr. Payne has been
 identified with the business interests of
 our town for more than twenty years,
 being a member of the well-known firm
 of Payne Bros. Of the good wife and
 two little daughters we cannot speak too
 highly, the former having been the friend
 of our youth and has ever been
 found worthy of a sincere friendship.
 We commend them to the good people
 of their future home.

All hail to the Sheldon Christian
 Daily. We are sending out 25 cents to-
 day for the week's issue, the price of
 which, by the way, is cheap, and in line
 with this great man's ideas, as set forth
 in his wonderful book, which is rather
 the present undertaking. Considering the
 heavy expense necessary to handle this
 enormous business, such an extensive
 name of new subscribers for so short a
 period, cost of separate wrapping and
 mailing, to say nothing of the additional
 clerical force. This price is reasonable.

 typoid fever at Bethlehem Academy.

Mostly went above Pateville
 last Friday week and arrived Thomas
 Young's sale. He says everything is
 high notwithstanding the terms were
 cash.

The school closed here with a splen-
 did exhibition. Prof. F. M. C. Jolly and
 Miss Ida Simons will long be remem-
 bered on account of the fine school they

The people here will all sorry to hear
 of Goebel's assassination, but a great
 many content that his being the author
 of the Goebel law was indirectly the
 cause of his own downfall. Democrats
 and Republicans in the rural districts
 should be careful not to fall out over
 what has gone on at Frankfort. Let us
 remember that each and every man has
 a perfect right to an opinion, but he
 should be careful not to express it in
 such a way as to hurt his neighbor's
 feelings. Let every man show the same
 respect to other men's feelings as he
 wishes shown his and all will come out
 right in the end.

**An Editor's Life Saved By Cham-
 berlain's Cough Remedy.**

"During the early part of October 1899,
 I contracted a bad cold which settled on
 my lungs and was neglected until I fear-
 ed that consumption had appeared in an
 incipient stage. I was constantly cough-
 ing and trying to expel something which
 I could not. I became alarmed and af-
 ter giving the local doctor a trial, bought
 a bottle of Chamberlain's Cough Remedy
 and the result was immediate im-
 provement, and after I had used three
 bottles my lungs were restored to their
 healthy state. B. S. Edwards, Publisher

 sideboard.

The state of Kentucky may boast of
 her brave men, but Irvington can
 show the bravest and most energetic
 women in the land. They have all
 through this winter weather-braved
 the elements to wait the appointment
 with the Literary Circle which
 has grown so dear to them within the
 past five years. It is a pleasure to
 know and have a chat with some of
 the ladies and to enjoy their books
 and magazine from which I am sure
 happy to copy the following: "Where-
 ever there is a V. C. Circle it perpetu-
 ates and preaches the gospel of cul-
 ture. There is need enough just now
 for such a gospel to be proclaimed up
 and down the land. "No time for
 delay" is the motto. The strong
 material occupation has absorbed the
 time for culture of elegant tastes. Each
 one of us can check this growing change
 in modern life, both by sentiment and
 by actually setting aside a portion of
 the day's recreation for intellectual and
 spiritual culture."

MADE A BARGAIN.

Bought a House and Thirty Acres of Ground for \$1,560.

HARDINSBURG, Ky., Feb. 14.—(Special)—A. A. Pate made a purchase last week of the Huchey property in the east end. This is one of the most desirable locations in town and has about thirty acres of ground attached to it. Mr. Pate bought the whole of it for \$1,560 and regards it as a bargain. He expects to make some improvements before moving in and will set the work to going at once.

August Flower.

"It is a surprising fact," says Prof. Hooton, "that in my travels in all parts of the world, for the last ten years, I have met more people having used Green's August Flower than any other remedy, for dyspepsia, deranged liver and stomach, and for constipation. I find for tourists and seamen, or for persons suffering from headache, vertigo, and general bad feelings from irregular habits eating, that Green's August Flower is a grand remedy. It does not injure the system by frequent use, and is excellent for sour stomachs and indigestion." Simple bottles for sale at A. R. Fisher's.

Sold by dealers in all civilized countries.

A Curious Fact.

It is curious fact that haired people are far less apt to go bald than those with other colored hair.

The average crop on the head of a haired person is only 50,000 hairs.

Ordinary dark hair is finer and denser than dark hairs take up the space of one red one; 100,000 is about the average.

But fair-haired people are still better off; 100,000 to 150,000 is quite a common number on scalp of a fair man or woman.

A curious calculation has been made to the effect that the hairs on the head of a haired person, if they could be placed together, would amount to a weight of some thing like eighty tons, weighing this of 500 people.

It takes but a minute to overcome tickling in the throat and to stop a cough by the use of One Minute Cough Cure.

This remedy is quickly acted on all forms of throat and lung troubles. Harmless and pleasant to take. It prevents consumption. A famo-us specific for grippe and its sister effects.—A. R. Fisher.

Good Prospects for the Whistle Again.

These are three brick plants lying idle in this town. The quantity of brick that will be used this coming spring in this city and the demand for it elsewhere, should be an inducement to start to build for one of them to start the machinery to rolling. It is whispered that the Patton Vitified Brick plant will start this spring. The machinery and brick kilns are undergoing repairs, and it is from these conditions we take for granted that the "whistles" of at least one industry may be heard again.

Must Have the News.

Fort Thomas, Ky., Feb. 14.—Mr. JOHN BARBAG, DEAR SIR—I am enrolled with Company E, second infantry, first squad, stationed at Fort Thomas. I want you to send me the News for six months. I think it will help me a great deal. Please send me the last three copies also. I cannot get along without the News.

DIED OF MENINGITIS.

Joe Sipes, of Lewisport, Expires After a Short Illness.

Joe Sipes died Sunday morning at his home about a mile below Lewisport, of meningitis. He was sick only a few days. Only a week before his father died of pneumonia. Young Sipes was about twenty years old and an industrious young farmer and was well known and highly respected. This is the only known case of meningitis that has occurred in that vicinity.—Owensboro Messenger.

"I was nearly dead with dyspepsia, tired doctors, visited mineral springs, and grew worse. I used Kodol Dyspepsia Cure. That cured me." It digests what you eat. Cures indigestion, sour stomach, heartburn and all forms of dyspepsia.—A. R. Fisher.

Shells From the Philippines.

Mrs. Mollie Johnson has received a letter from her son, Walter Estes, who is in the Philippine Islands, four hundred miles from Manila. He is Sergeant of his Company, in the United States Army, and he is all of Kentucky home, and sends love to all of the old friends. He sent his mother some shells from the Philippines.

Incipient consumption is cured with Dr. Bell's Pine-Tar-Honey. Inflammation is allayed and the clogging of the lungs at once stopped. When this is accomplished the road to health is a straight one. Get a bottle to-day.

Happy Over the Event.

Mr. James T. Skillman was the recipient of numerous congratulations from his friends Sunday. A fine bounding boy has arrived at his home and he wears an expression which makes him look twenty-five years younger. Both mother and child are getting along nicely.

A Merchant From Far Fork.

Mass Meeting.

A mass meeting was held at Hardinsburg last Monday to adopt resolutions on the assassination of Gobel. There was a fairly representative audience present.

The Hon. D. R. Murray called the meeting to order and nominated Judge T. M. McNeill for chairman, who was unanimously elected.

Henry Matthews was chosen secretary. Judge McNeill was taking the chair said:

"The object of this meeting has been stated, and I regard it as unnecessary for the Chair to indulge in any expressions of commendation of the cowardly and brutal assassination of one of Kentucky's most distinguished citizens, Gov. Wm. Gobel.

"Assassination cannot in any case be defended from any standpoint either in law or morals. In the number of Gov. Gobel a great wrong has been done not only to him and his family, but to the great common people who he loved and would be his ally and faithfully served."

The following committee on resolutions was appointed by the Chair. Hon. D. R. Murray, Gen. A. J. Gross, Rev. F. M. Petty, George Helm and J. T. F. Owen, who retired to the jury room and reported the following resolutions which were adopted:

RESOLUTIONS.

WHEREAS, in the hands of an assassin, Mr. Wm. Gobel, Governor of Kentucky, fell at Frankfort, Kentucky, on the 10th day of January, 1900, therefore be it resolved:

First—That the citizens of Breckenridge county in a mass meeting assembled do hereby express their deep and sincere sympathy for the bereaved family of the deceased Governor, and for the cause of the State, and do hereby condemn and denounce the assassin, and do hereby pledge themselves to do all in their power to prevent such a tragedy from being repeated in this State.
